What's New In Sherlock Holmes Screensaver?

Free Sherlock Holmes Screensaver: Choose from three themes and watch as the famous detective investigates and solves his cases. A screen saver to set your computer to sleep. A feature to help keep your computer awake, by providing beautiful display of the animated Sherlock Holmes characters. Rating: File Size: 4.51 Mb Date Added: Jun 04, 2005 Price: Free Operating System: Windows XP SP2 or later Downloads: 81700 Publisher: Mountain View, California, United States Editor's Review Windows screen savers are standard feature on most computers nowadays, and a lot of us have developed our own themes and mottos for them. The Sherlock Holmes Screensaver, however, is more than a standard screen saver and it provides users with a number of features that could greatly improve your desktop. With Sherlock Holmes Screensaver, you get three themes that are easy to install. The very first, "Sherlock," is the basic version of the screen saver. The second one, "Sherlock The Return," is a good screen saver. The third one, "Sherlock The Last Case," is an excellent screen saver and is the most preferable one. You can also set the amount of time that the screen saver will display and you can change the background colors on the screen saver as well. There is also a feature included in the screensaver that helps keep your computer awake when you are away from it. When you set the screensaver as your computer's screensaver, it will display the animated characters of Sherlock Holmes when you are away from your computer. By pressing on the "Sleep" key, you can stop the screen saver and be able to take a call on your phone or use your computer. Sherlock Holmes Screensaver is an excellent screensaver that is worth having.
